

HIGH PRICES TO BE PUT
IN SPOT LIGHT OF LAW

Tacoma Will Bring Suit Based On Common Law to Test Corporation Right To Dictate Prices

TACOMA, Feb. 1.—In order to bring the high prices into the spot light of the law, to determine whether the price of a commodity can be dictated by corporations coming into control of the business, preparations are being made today for a suit to restrain the wholesalers and packers from naming prices. The action is based upon the common law and constitutional grounds, and will be pushed through to the Supreme court.

CHICAGO, Feb. 1.—Declaring that the law of supply and demand does not warrant any reduction, the packers today restored one cent per pound to the price of meat. The reduction was made yesterday. Apparently this gives strength to the reports that the retailers are believed to be "owned" by the large packing companies, and that they could not make expenses, owing to the meat boycott and the prices charged by wholesalers.

JUSTICE BREWER
UTTERS WISDOM

Communities Should Own Their Utilities—Criticises Flood of Appeals

NEW YORK, Feb. 1.—The cost of litigation and delays in administering the law and the number of appeals were the current criticisms discussed by Justice Brewer of the Supreme Court in an interview made public today. He sharply criticises the law's enforcement and declared:

"There is every reason why all communities that can control capital should own, direct and receive all the benefits derived from water, lighting, transit and telephone companies."

Discussing the law he said: "The seat of the whole trouble in my opinion is the fact that too many appeals are granted when justice does not demand it."

He closed with an urgent plea for the elimination of politics from the courts of the nation.

Boynton, before the Civic Association, one of the strongest women's organizations in this city, said today that the better class of people in San Francisco were opposed to going to the Hetch-Hetchy Valley for San Francisco's municipal water supply, but that a strong political clique is for it. She said:

"It is the uncivilized portion of San Francisco that wants to take part of the state's assets, Yosemite Park, to supply the city with water. They have other streams and rivers, but the Hetch-Hetchy is the most available."

The association passed a resolution endorsing her view and will send copies of it to congress.

WORLD IS SHOCKED BY
COLORADO MINE HORROR

Over One Hundred In Disaster—Few Escape—Many Entombed—Death List of 31—Survivor Tells Story of Terror

PRIMERO, Col., Feb. 1.—The bodies of twenty-four victims of yesterday's explosion in the coal mines of the Colorado Fuel and Iron Company, lie in an improvised morgue, while rescuers are working frantically to save other men supposed to be entombed in the shaft. At least fifty-five are imprisoned and it is feared they will be dead before help can reach them. Only one so far has been taken out alive. He is named Dianado Virgen, and his condition is critical. Seventy-two miners' lamps are missing from the lamp racks. Many of the dead will probably be unidentified.

Many of the operatives are only known by their numbers. Three more bodies have been found, making a total of twenty-seven already recovered.

The explosion was in the main tunnel to which it blocked the entrance. Heart-rending scenes like those at Cherry are being enacted around the mouth of the tunnel, where women and children have congregated in their despair. A special train from Trinidad this morning started with doctors and nurses as well as oxygen and helmets to be used by the rescuers. When the explosion occurred 150 men were

in the mine. Seventy are yet unaccounted for and fifty-three escaped.

List of Dead Increases

Forty-three miners are known to be dead and the officials believe there were 110 in the mine. Thirty-two bodies have been recovered.

SURVIVOR TELLS STORY OF DEATH STRUGGLES

PRIMERO, Feb. 1.—Virgen, the one miner found alive told the story of the death struggles of the imprisoned miners. He said there was first a deafening roar, then flashes of fire and finally darkness. He fell to the ground and men ran screaming past him, some with their clothing burning, and some shouting or praying. Too weak to raise his feet he dragged himself along and crawled over dead bodies until he fainted. When he came to he heard groans. The groaning grew fainter and finally ceased. Then he heard the rescuers and he shouted.

Two more bodies have been found, making a total of thirty-one up to the present. The coroner has stated that there is little hope that any of the entombed miners are alive. The majority of the miners have families entirely dependent on them for support.

DEAD BODY FOUND
IN CHARRED TRUNK

80-year-old Woman is Victim of Murder—Her Benicia Home Burned

BENECIA, Cal., Feb. 1.—Murder, not accident, is believed today to have caused the death of Mrs. Margaret Maguire, aged 80, who perished in her home yesterday by a fire that destroyed the house while her daughter, a school teacher, was away. Her body was found in the charred remains of what appears to have been a trunk. The authorities surmise the body was thrust into the trunk and then cremated. A motive for the murder is at present lacking.

Coroner Klotz today turned over the investigation to Sheriff McDonald, saying he would not hold an inquest till he had further evidence, as he was not satisfied. Two daughters were interviewed. One is a school teacher of Alameda, and the other is a nurse at Stockton.

CLOSING OF FAMOUS CAFE—ITS A LONG WAY FROM RECTORS

NEW YORK, Feb. 1.—Rector's cafe, for more than twelve years the mecca of pleasure seekers, is no more. The famous cafe closed its doors last night. In the passing of Rector's it was recalled that the last line from Evelyn Thaw's diary, written in a secluded New Jersey town was: "It's a long ways from Rector's." This sentiment was drunk by dozens who stood on the tables as the closing hour arrived.

MARTIN L. LANE RENEWS FIGHT FOR ENTIRE ESTATE OF HIS FATHER, JOHN LANE

George W. Grenfell, through his attorney, F. M. Porter of Los Angeles, has petitioned the Superior court for distribution of the John Lane estate, half to Grenfell and half to Martin L. Lane of Santa Ana. Grenfell lives in Ridgeway, Wis., and claims to be a grandson of the deceased. Martin Lane is a son of the deceased. The estate is worth \$3800, largely consisting of a half interest in the Lane & Lane Furniture Store.

Grenfell was not heard from in the probating of the estate until after an order of distribution had been given under Lane's will to Martin L. Lane.

This morning Attorney F. O. Danell, for Lane, and Public Administrator Smith filed an answer to the petition for distribution. Several affidavits were also filed.

The affidavits show that the court was informed of the existence of Grenfell, and that Judge Bledsoe, who was so informed by Attorney

Forgy, stated that he was not certain that the law would give Grenfell a share in the estate. This statement is made to refute Grenfell's allegation that the court was not informed of his existence before the decree of distribution, since set aside, was entered.

That the entire estate should be distributed to Martin L. Lane is the contention of Attorney Daniel. The answer shows that during his lifetime John Lane transferred to O. M. Robbins, E. B. Smith and Max Reinhaus as trustees of Santa Ana Lodge No. 241, F. & A. M., his interest in the furniture business, and that after his death, the lodge voted to, and did assign to Martin Lane the lodge's interest in the property and estate.

Martin Lane makes affidavit that he did not know but what Grenfell was dead, not having heard from him for five years, and he does not now know but what the Grenfell in Wisconsin is an imposter.

BUSIEST IN MANY YEARS

Mission Valley Planters Putting In Grain—Depot Agent Busy

SAN JUAN CAPISTRANO, Jan. 31.—This year is the busiest time this valley has seen for twenty-five years, since the old "boom."

That veteran farmer, Buchheim, is turning many plows, turning up 2000 acres at Serra, planting it to barley, and Grasette has planted 1000 acres around Dana's Point to barley.

The surrounding country now presents a fine appearance, dotted with farm houses, bungalows and cottages, where nothing but white stakes were seen, the remains of the old boom.

At the Santa Fe depot, the agent, Mr. McCarty, is kept very busy these days handling machinery and mer-

chandise for the ranchers. The boom this time has come to stay, for here it has the backing of the richest soil and abundance of water to build up the finest agricultural and horticultural community in the state of California.

Notes and Personals

That old indefatigable wheel-horse, Henry Sievers, is now 85 years old, and in full possession of all his faculties. He still figures on our streets, the liveliest business man of the crowd.

San Juan is noted for its beautiful trees of all kinds, and the artists and painters exclaim: "What a beautiful background we have for painting."

Many long-winded hunters must be getting tired, for but seldom do any of the old ninnyrds who used to annually visit San Juan, on their vacations, come now.

The hobos make a rapid transit from San Juan, and in consequence of their rapid movements, the jail is empty and the good people rejoice.

GARDEN GROVE, Jan. 31.—The Improvement Association, which met at the Y.M.C.A. hall on last Friday evening, appointed a committee of three to secure funds and labor for immediate protection against the overflow of the river. That committee was Chas. Holt, Will Mills and G. R. Rayburn. Steps will be taken to form a protection district. A meeting will be held at Westminster for the surrounding country to ascertain just where this district shall go. A meeting will be held at Anaheim on Tuesday evening to further this business. The above named committee will meet with the supervisors tomorrow at 9 a.m., at the Olive bridge.

A two days' meeting will be held at the Latter Day Saints church next Saturday and Sunday. A number of speakers from outside places are expected. Preaching Saturday evening; social service in the morning. Dr. Junkin of Westminster, filled the pulpit at the Baptist church yesterday morning.

A party was given by Mrs. Harper and Mrs. German, for Mina and Constance, it being their thirteenth birthday, at the home of Mrs. Harper. About twenty were there. The evening was pleasantly spent in games and music. The little girls each received many nice presents. Refreshments of cocoa, cake, popcorn and oranges were served.

A social given by the Relievo Literary Society at the little school house last Friday evening was well attended. A good program was rendered, after which refreshments of ham and chicken sandwiches, and cake and oranges were served. All seemed to enjoy themselves.

A surprise party was given on Friday evening by Mrs. Beardsley, for her son, Raymond. About ten of his young men friends gathered at his home about 8 o'clock. They had a very enjoyable time with games, cake and cocoa were served.

The Modesty of Women

Naturally makes them shrink from the delicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the women undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Overstocked Sale of Books

TEN DAYS ONLY—FEBRUARY 2nd to 12th, INCLUSIVE

BEGINNING WEDNESDAY MORNING, and for nine business days following, we will throw our entire stock on the market at prices have never before been offered in Santa Ana on similar merchandise. Certain departments are badly overstocked and in order to get all lines down to a normal basis, we have decided to cut prices on everything without reserve. Prices are not shaved a few cents here and there, but are cut to the very limit in order that the work may be accomplished in a decisive manner. Bear in mind—not one article is exempt from price cutting (except a few agency lines which are always sold at contract prices). Standard works of literature, latest fiction by popular authors, illustrated books, office supplies, stationery, pictures, musical instruments, ladies' handbags and everything in our entire stock is reduced in price.

All prices are cut 25 per cent at least, some articles are a third off, some half price and many lines of books are actually less than half price. This is a book buying opportunity that everyone in Orange county should take advantage of. Come early and buy liberally. You'll lose a big opportunity if you don't.

Motor Trip

Mr. and Mrs. F. J. Rogers returned last night from an automobile trip begun last Saturday, and which included visits to various points. They made an over Saturday night visit with their son, E. G. Rogers, at Prado, going to Riverside on Sunday. They visited at Oak Glen ranch, the home of their son, J. W. Rogers. Returning via Colton and Rialto, they were entertained at the latter place by their niece, Mrs. Liel Yontsey. In all they covered 160 miles, encountering bad roads and in some instances having to make long detours on account of missing bridges. In the case of a washed out bridge, Mr. and Mrs. Rogers motored over the dry, sandy bed of the stream below. Notwithstanding the few hardships they encountered, they had a delightful trip.

MASTER MARINER TELLS OF CHANNELS AT BAY'S ENTRANCE

Newport Harbor, about nine miles from Santa Ana, the head of the bay or harbor extending into the San Joaquin ranch, about seven miles from Santa Ana—some day our commercial shipping business will be there. Now what are we, the people of Orange county, going to do about it? A few people are making an effort to make it a shipping port. I may mention Mr. Clyde Bishop as one of the energetic gentlemen on those lines, but what are the people of Orange county doing?

The fact is, that we are a community of farmers around here. We plant and sow and don't think about the time coming when our produce will want an outlet by shipping from our port.

There is a general impression through the county that the entrance to the harbor is closed with a sand bar across it, that some day they were down there looking at it, and that they could walk across the mouth or entrance of the harbor at low water. I have not heard of anyone trying that feat as yet. The fact is, a person can go down to the sand spit at the entrance and might think so because he will see shallow water on the middle ground on the bar, but don't seem to know that beyond that there is a channel, another middle bank, then another channel, and that is where the trouble lies. LIFE ISN'T WORTH LIVING

When This Statement is Made It May be Generally Attributed to the Lack of Good Health

—We want to talk to people who are nervous, who suffer frequent headaches, who don't enjoy their food, who are irritable, quickly lose their temper, who are so exhausted that they feel they must give up, and have become so despondent that life doesn't seem worth living. We believe we know what is the matter with these people in this condition, and if they will follow our advice we can tell them how to regain good health and that buoyancy of feeling which makes life seem surrounded with happiness and sunshine.

Most of the above described conditions are chiefly caused by what is commonly called catarrh, a "below par" condition of mucous membranes. This delicate lining of certain of the body cavities becomes weakened, inflamed and congested until the whole system is weakened, mental depression ensuing as one of the results. The wise way to overcome this condition is through a treatment of the general system. We have the treatment, and we are so positive it will produce the results we claim for it that we will supply it to any one with the understanding that we will return to them every penny paid us in every instance where the treatment is not in every way satisfactory and beneficial to them.

We want you to try Rexall Muc-Tone, which is a scientifically devised alterative tonic and body builder, its action being to aid the body in its effort to re-establish the natural and healthy functions of the mucous membranes.

Rexall Muc-Tone thus acts to expel the "catarrhal poison," restore the mucous cells to good health, tone up the whole body, allay inflammation, remove congestion and stimulate the system to healthy activity. It is splendid for aiding in the building up of flesh and muscle tissue and removing weaknesses.

Come to our store and get a bottle of Muc-Tone, and after giving it a reasonable trial, if you are not satisfied, simply tell us so, and we will hand back your money without question. Surely nothing could be more fair than this. Rexall Muc-Tone comes in two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Santa Ana only at our store.—The Rexall Store. DECISION IN STATE CHARTER FEES CASE

WASHINGTON, Feb. 1.—The United States supreme court has handed down a decision holding the collection of a state charter fee from foreign corporations to be unconstitutional. The decision was given in the case of the Pullman Company against the State of Kansas, the company having refused to pay the fee assessed. The Kansas law provides that all foreign corporations must pay to the state regardless of what conditions may have been imposed by the state when the charter was granted.

RESOLUTIONS ARE PASSED

Four Churches at Orange Favor Raising Age Limit in Poolroom Ordinance

Orange News: That the fight to raise the age limit for those who shall be permitted to enter the poolrooms from 16 to 21 years, is to be pushed vigorously by the several church organizations of the city, was evidenced yesterday when four churches, namely, the Christian, Methodist, Presbyterian and Baptist, passed the following set of resolutions:

Whereas, The city trustees have ordered an ordinance drawn raising the age limit for admission to poolrooms and similar places from 16 years of age to 21 years of age; and

Whereas, We believe such an ordinance would assist the development of manhood, good citizenship, and general righteousness; be it

Resolved, By the Christian people of Orange, in their respective churches assembled, that we most heartily endorse the proposed ordinance and pledge to the trustees our heartfelt sympathy and support in the passage and enforcement of said ordinance.

The resolutions were the result of the action of the city board in ordering the framing of an ordinance amending section 7 of the present ordinance, which reads: "No minor, under the age of sixteen years, shall be allowed to play at any game of skill or chance in any billiard hall or parlor, club room, or other similar place of amusement, or be admitted to or permitted to remain in any such place within the city of Orange, unless he is accompanied by his parent or guardian; and every proprietor, keeper or manager of any such place, who admits such minor to his establishment, or permits him to remain in violation of this section, is guilty of a misdemeanor."

A set of the resolutions was placed with six churches, but action was taken only at the four named. At these churches the matter was taken up enthusiastically and the action of the board heartily endorsed. The Episcopal and Lutheran churches took no action, leaving the matter to the individual consideration of the members.

TURKISH BATH CURES RHEUMATISM AT HOME

Costs But 2c a Bath, and the Body is Rid of Uric Acid Poison With Astonishing Rapidity

Quickly Cures Kidney Trouble, Nervous Prostration and All Skin Diseases

—The Robinson Thermal or Turkish bath, taken at home, is becoming a rage. Those who have used the bath have been completely carried away with enthusiasm because of the astonishing results obtained.

Well-known physicians say that the Robinson Thermal Bath at home, is

about to become an almost universal conqueror of disease. This is not an exaggeration. Any man or woman can prove its results inside of 24 hours, in some cases in 30 minutes.

In cases of rheumatism, especially, the uric acid poison is extracted from the system through the pores, almost as liquids are sucked up through a straw. Drugs merely smother the poison or ease the pain. They do not extract the poison from the body.

Anyone can now take Robinson Thermal baths at home and at a cost of only about 2c a bath. The only way to take these baths is by the use of the Robinson Thermal Bath Cabinet, which is a unique and marvelous invention.

The Robinson Thermal Bath Cabinets can now be seen and examined in Santa Ana at the Rowley Drug Co., and in Tustin at the Tustin Drug Store.

Ask the dealer also for a copy of that great book, "The Philosophy of Health and Beauty." The regular price is \$2.00, but you can get one free now for only a limited time.

If you cannot go yourself, just send your name and address to the Robinson Manufacturing Company, Suite 34, Snowflake Bldg., Toledo, O., for full illustrated information, free.

DENIES AUTHORITY OF TWO DOCUMENTS

In the case of the Oilinda Land Co. against the Fullerton Consolidated Oil Co. today there was filed an affidavit denying the genuineness of documents set up in the answer of the defendant. Interests in land in the north end of the county are at stake in the suit. The defendant sets up documents declared to have been made by the Richfield Oil Co., through which the defendant asserts its claims. The affidavit filed today is made by R. R. Behlow, secretary of the Oilinda Land Co., denying that those documents were authorized by the Richfield Oil Co.

OBEY THE LAW

Stop your car on the right hand side of the street, the law requires you to do this for your own safety as well as for the safety and convenience of others. If you are driving a 1910 Reo which has its steering wheel on the left side of the car, your lady can step gracefully to the pavement without being put to the necessity of either getting out in the mud or the equally disagreeable and distasteful alternative of climbing over or under the steering wheel, which is not only annoying but is undignified, to say nothing of the danger of damaging her frock and possibly her temper. Take no chances gentlemen, be on the safe side and the right side. You eliminate all this trouble if you buy a 1910 Reo and your lady will appreciate your good judgment.

On the Fish Question.

Why do we not have more good fish? It is not because good fish is not caught on our coast, but it is because when the fish is taken from the water, it lies there until dead, and shortly thereafter the gall bladder breaks and the contents is absorbed by the body of the fish, this being a provision of nature to hasten decomposition of the dead body.

It has been found that in a mackerel the gall bladder bursts in about a half hour after the fish is dead; with the cod and other deep sea fish, a somewhat longer time, while it occurs very much sooner in those fish that subsist largely on shell fish.

This condition may often be observed in the fish that have been caught on set hooks, whereby the fish is so hooked that it cannot close its mouth.

In such a condition the fish dies nearly as quickly as though out of the water and decomposition begins, often before the fish is brought to land.

How then can we determine whether the fish is fit to eat before it is on the table?

Try this; it is almost infallible: If the delicate skin covering the ribs (inside) is green, especially that portion near the liver, the gall bladder broke before removal and the fish is not fit to eat, and if the ribs are laid bare, it is poisonous; decay has gone too far.

If the fish was bled and dressed as soon as caught, the flesh will be firm, and will remain firm a long time.

Try it. S. HILL.

LOS ANGELES PRODUCE MARKET

No consequential changes were recorded on the local produce market yesterday morning. Arrivals were rather light in garden truck and fresh vegetables. Among the featured arrivals were twenty barrels of imported Spanish Malaga grapes. They were consigned here by a Seattle house, which had imported too many, and were offered on the street at 8 1/2 cents for the fruit itself, exclusive of the weight of the barrels. The opening demand on them was rather light. The grapes were in excellent condition. Local grapes are still plentiful on the market. At least eight or ten firms still carry local stock. The market on locals is only fair, people consuming but few grapes at this season. Prices held up to \$1.75 per lug box, according to the variety. All stock naturally is taken from storage and it is necessary for the different firms to employ a small corps of men doing nothing but picking over the grapes.

Receipts of eggs fell to 161 cases. The market on fancy grades of local stock was weak, however, and a decline of 1 cent was recorded in extra selects and candied, while case count remained at 27 cents. The demand for eggs was good and all arriving stock is rapidly moved.

The butter market continued in its usual prosaic way. There were no changes, no immense sales, and arrivals were less than normal, 11,451 pounds.

Cheese receipts were 2868 pounds. Eastern Daisy and Swiss imported cheese were among the best sellers of the day. Offerings of Eastern and Oregon cheese were good, but buying was not up to standard.

Potato arrivals were 3789 sacks. Highlands were a trifle off balance on account of the heavier arrivals of the day, some selling as low as \$1.10 a hundred. Longhorns were in good call and brought \$1.40 among the jobbers.

There was very little doing in onions. They were weak, selling at \$1.35 among jobbers. Receipts were very light. There were no arrivals in beans reported and pinks were the only variety on the market which were in demand. Sweet potatoes were easy, selling at \$2.40 per hundred. Receipts were 118 sacks.

A single car of apples was received on consignment from Watsonville. They were of a late winter variety. The market on apples was rather slow for the day. Alligator pears were received in quantity from Mexico. They are selling at \$6 per dozen.

Fish of the halibut and rock cod variety were plentiful as far as local ocean varieties are concerned. Other varieties were scarce. Two large "jew fish" were received and sold well. Carp from the North were also plentiful. Clams were in good demand and the supply was fully adequate.

MINISTER COLLIDED WITH AN AUTOMOBILE

Rev. A. F. Roadhouse, pastor of the First Christian church, collided with Dr. H. J. Stevens' automobile in front of the Dragon this morning. Rev. Roadhouse was on his bicycle going west on the left side of the street, while Dr. Stevens was slowing to stop next the curb. Owing to the slippery street, Rev. Roadhouse was unable to turn his bicycle, and he went into the machine. He was thrown to the pavement. The front wheel of the machine was on the front wheel and forks of the bicycle when the automobile stopped. The minister's hat was demolished, while the minister himself escaped without injury.
